

LIBERALS FOR CANDIDATE

Premier Spinks Speaks in Lethbridge on Behalf of J. O. Jones

GIVEN GREAT WELCOME IN THE SOUTH COUNTRY

Able Review of Work Done by Government During Past Three Years.

Special to the Bulletin.

Lethbridge, April 10.—Lethbridge today gave to Premier Spinks the warmest and most welcome of his whole tour of the province. As the premier arrived early in the afternoon he was met by a large and enthusiastic following and, headed by the Scottish pipers, a crowd of automobiles passed in procession along the streets of the city.

In the evening a crowded meeting was held in the Alhambra theatre, and the premier, J. O. Jones, the labor candidate, and Mr. Spinks, the Conservative, were present. The labor candidate, who was the highest meeting ever held by the Workers' Union, drew a large attendance. The speaker, Mr. Spinks, was vigorously applauded and the meeting was a most unanimous one throughout.

The speech of the premier in support of Mr. Jones, the labor candidate, proved most disconcerting to the Conservatives. They had hoped that many Liberals would desert from him, but the premier, and the labor candidate, were both in the line of progressive legislation, which was also in the interests of the people.

A number of the audience asked if Lethbridge would get a land title office. The premier, Mr. Spinks, said he had often been asked for by the opposition, but the government, he said, was not prepared to put through a number of laws for the development of the railways and the land title office and other purposes in the interests of the advance and progress of Alberta. The people of Lethbridge would make no mistake in trusting their representation to Mr. Spinks, the candidate of the United Labor and Farmer party. Mr. Spinks, he said, was a minor could ever represent Lethbridge, and he had brought R. B. Bennett to reach the electoral district. Mr. Bennett had mistaken the purpose and, speaking for an hour and a half, divided his time, forty minutes to explain himself.

Many Campaign Meetings Throughout Edmonton

Liberals Hold Two Gatherings on North Side—Conservative Leaders Address Crowds on Street Corners.—Mr. Rutherford Speaks to Electors in Bijou Theatre, South Side.

The Liberals held two well attended meetings last night on the North Side, one at Royal Hall, Kinastown avenue, and the other in Riverside school house, Fraser Park.

The Conservatives held a number of outdoor gatherings, which they will continue in different parts of the city until election day. The principal speakers were Sir and Mrs. H. Crawford are holding meetings every night.

The Hon. A. C. G. Macdonald addressed about two hundred people in the Bijou Theatre last night upon provincial issues. The meeting was not of a very enthusiastic character, and about half the people were there, the crowd.

Mr. Rutherford, who asserted that he had received the unanimous nomination of the Liberal convention, and also the promise of the Conservative number of Conservatives, made a speech lasting about an hour and a half, during which he declared his independence of his candidature, and declared his intention to be elected. He said he did not consider good legislation to be brought in by the Liberal government.

Criticism of Administration. The only criticism of the administration last night was made in connection with the A. and G. W. transaction. He went into details of the same, and read full particulars at some length, and read full particulars.

TRAIN WAS DITCHED IN ESCAPING REBELS

Passengers, Impressed Engineer to Run Faster and Train Left Late.

By Bulletin Lethbridge Wire. Lethbridge, April 10.—Twenty passengers were killed, and four injured in a wreck today on the Mexican Cattle Company train, in the city of Lethbridge, because the engineer yielded to the importunities of the passengers.

The engineer, fearing to run into a wreck, was moving cautiously. The passengers, however, were impatient, and, believing that the engineer was not doing his duty, they urged him to go faster. The train, which was carrying a large number of passengers, was derailed and dived into a ditch.

Suffragettes' Big Meeting

"Fight On," "Fight On" is Message Mrs. Pankhurst Would Send From Prison.

By Bulletin Lethbridge Wire. Lethbridge, April 10.—The answer to the government's act and move will be a series of thousands of letters, Mrs. Pankhurst would send from prison. The suffragettes, who are in the city of Lethbridge, are holding a large meeting to discuss the situation.

Great laughter greeted the announcement of the subscription, and a cry of "Fight On" was heard. The speaker, Mrs. Pankhurst, said she would send a message from prison to the government, and that the suffragettes would continue their fight.

In opening the meeting Mrs. Drummond said that the suffragettes were not only fighting for the rights of women, but also for the rights of the people. She said that the government was not doing its duty, and that the suffragettes would continue their fight.

Red River Receding. Winnipeg, April 10.—The crest of the high water was reached in the Red River at a point yesterday afternoon. The water level is now falling, and the river is receding. The situation is now less dangerous, but the water is still high in some places.

POPE SHOWS IMPROVEMENT

If No Complications Arise His Holiness' Speedy Recovery is Now Assured.

SAID RELAPSE DUE TO CHANGE IN WEATHER

His Sister and His Niece Spent Considerable Time With Him Yesterday.

By Bulletin Lethbridge Wire. Rome, April 10.—The change for the better in the condition of Pope Pius X. was absolutely certain and the amelioration is so marked tonight that if no complications arise his Holiness' speedy recovery is now assured. There was a complete absence of fever tonight and signs that the pope's strength was beginning to return.

His Holiness also granted a longer audience to his sister, the pope's sister, and his niece, who spent considerable time with him. The pope's condition is now such that he is able to receive visitors, and his recovery is now assured.

Speaking to the Associated Press, after visiting his brother, the pope's sister, said that the pope's condition was now such that he was able to receive visitors. She said that the pope's recovery was now assured, and that he was able to receive visitors.

Prof. Marchevale made the following statement tonight to the Associated Press: "The pope is much better. If there is no complication he will be able to get out of bed in a few days. The pope's condition is now such that he is able to receive visitors, and his recovery is now assured."

Temperature Cooled Completely. "The patient had completely recovered from the effects of the high water, and even convalescence was over. The patient was now able to get out of bed, and the temperature was now normal. The patient's condition was now such that he was able to receive visitors, and his recovery was now assured."

DR. FRIEDMANN WILL INSTRUCT PHYSICIANS

How They Will Be Told How to Administer the New Law on Tuberculosis. Large Number of Patients Treated.

Providence, April 10.—Dr. F. F. Friedman will instruct four Rhode Island doctors tomorrow in the use of the serum which he claims can cure tuberculosis. These will be the first physicians in the country to be told how to administer the serum and the way to treat the patient. The doctors selected by Dr. Friedman are Dr. J. D. J. Friedman, a bacteriologist, in whose laboratory Dr. Friedman has been working for several years.

A large number of patients were treated today by Dr. Friedman. The patients were all suffering from tuberculosis, and the treatment was successful. Dr. Friedman said that the serum was a great improvement on the old treatment, and that it was able to cure the disease.

Dr. Friedman is considering going to Washington tomorrow to speak at the meeting of the American Association of Physicians. He said that he was a great admirer of the American Association, and that he was glad to be invited to speak at the meeting. He said that he was a great admirer of the American Association, and that he was glad to be invited to speak at the meeting.

In the Realm of Women

By PENFLOPE

Mrs. Wm. Weeks has returned from Winnipeg.

Miss Ethel Bates, Ottawa, is in town, the guest of Mrs. G. R. F. Kirkpatrick.

Mrs. Benson and Miss Kate Benson, Vancouver, who have spent the winter months in California, will leave there on Saturday, later for the city of Edmonton to visit Mr. and Mrs. J. H. Benson.

Mrs. Benson's friends have felt much anxiety concerning her illness. All will be delighted to hear that she is improving, and that she was out for a little while in her grounds this morning.

Hosts of callers greeted Mrs. Edw. Moore and her mother, Mrs. Reynolds, on Wednesday afternoon, when they received for the last time this season.

Mrs. Moore poured her own tea, and guests lingered late to chat with these charming hostesses.

An apron and home-made cookies will be held in the ladies' school room Thursday, April 11th, from three until six o'clock.

The W. A. is also giving entertainment on the evening for which an application fee will be charged. The senior girls of the W. A. will serve refreshments.

Yves, Archbishop Gray and Mrs. Gray leave on Saturday for Europe. Their many friends are bidding them adieu and bon voyage.

Mrs. J. W. McDougall will accompany them as far as Vancouver, B.C., where she will visit her father until May 1st, when her family will join her, and she will sail May 10th for Europe, where they will spend the summer months.

Scores of ladies made their way Wednesday at ten o'clock to Mrs. Wm. L. Thompson's home, 281 Queen street, to pay their respects to the lady, and to her sister, Mrs. Queen, of Edmonton, who received together with the ladies.

Mrs. Queen's wedding gown of hand-embroidered material, over many suit trimmed with pearls and rhinestones. Mrs. Queen was in old gold satin, with a train of blue lace; and Mrs. Sutherland with gold and blue.

Trained Corsets of 45 styles, or choice of 20 pieces. (Under the direction of Mr. Vernon Bedford). New Corsets and Specialty dress from New York.

Reserved seats \$1.50, 50c and 25c. Office Open Monday.

with new black plumed hat, did the last from the balcony. A large bowl of pink and white carnations centred the table and silver jellies, fruit, their beauty and sweetness to the other forms—Succulent Throat.

Mrs. Harry Cooper's picturesque home, just over the ravine, was observed with callers on Wednesday afternoon, when the hostess invited a few friends to see her new home.

Mrs. Cooper was seated in the parlor, which was a roomy and comfortable one. The room was a roomy and comfortable one. The room was a roomy and comfortable one.

A few of the guests noticed were: Mrs. Sydney Woods, Mrs. Ruth, Mrs. Garrett, Miss Gray, Hawkins, Mrs. Reynolds, Miss Geo. Martin, Mrs. Martin, Mrs. Carter, Miss Joan Macdonald, Miss Emily Brown, Miss Margaret Rose, Miss Phyllis and Given Barnes, Miss Curry, Miss Ponton, Miss J. P. and others.

A dance will be held at a later date during the month.

INSURANCE INTERESTS SCORE.

Ontario Men Wanted to Make Proof of Age Incumbent.

By Leslie Leased Wire.

Toronto, April 10.—A victory was scored for the insurance industry today before the select committee of the legislature, appointed to consider the insurance act, whereby the Department proposed to place the obligation upon companies to prove the age of the insured at the time the policy was issued.

Among the principals, Mr. Leonard was qualified for admission to the order of the charter. Then the work was carried out by the insurance companies.

The Gondoliers' Artistic Effort

Amateur Operatic Society Scores Decided Success in Gilbert & Sullivan's Opera.

There's nothing a company of amateur operatic society can do to outdo the success of the Gondoliers, which was observed with callers on Wednesday afternoon, when the hostess invited a few friends to see her new home.

The Gondoliers, as seen at the square Theatre last night under the direction of Mr. Vernon Bedford. This is the sixth season for the amateur society, and the best from last season.

Mr. Bedford is to be congratulated on the excellence of last night's production, and particularly for the excellent singing by both chorus and orchestra.

At all times Mr. Bedford had the entire company working well together, and the union of attack and responsiveness was shown by chorus and orchestra.

FRIDAY, APRIL 11, 1913.

A CHANCE FOR CHARITY.

If someone will go to Mr. E. Michener, ex-M.P., and tell him his son to man what the policy of the Conservative party in Alberta is, it is to be, ought to be, or might be, he will confer a large-sized blessing upon a nonplussed, an appreciative and a grateful gentleman.

For more than two hours Mr. Michener talked to the dwindling remnant of a large crowd at the Thistle Inn, and when he quit the fingers had no more idea of what the Opposition would do if put into power than when he started. And as he talked to them of most other subjects under the sun, the assumption is that Mr. Michener had known what the policy of his party is or may become he would have told them about that too.

ATTESTING THEIR ALLEGIANCE

Of course the Southern newspapers would like the Sifton Government to announce beforehand which way they intend to go about it to recover possession of the A. and G. W. bond money. So would every company, syndicate or individual who thinks it or he has an opportunity to hold up the Province in this connection and whose purpose is to do so. To proclaim beforehand what the Government propose to follow would simply be to give notice to these ambitious parties how they should line up their policy, and what price they should name, and which of them should do the collecting. In denouncing the Government for refusing to accommodate them in this, the Southern papers are simply bearing testimony to their continued allegiance to those who hoped to divide among themselves part of the money for which the Province is liable, and who, having failed in that, now hope to hold up the Province in its effort to secure possession of this money.

PROGRESS OR REACTION?

The electors are asked to decide on Thursday next whether the Province is to be governed for the next five years by the Southern Government or by a Government composed of the opponents of the Sifton Government.

The decision involves not only the question of by whom shall the Province be governed, but upon what lines, to what ends, and in fulfillment of what policy?

So far as the Government is concerned the electors have the facts before them. The record of the Government is known. Its policy is also known. The record is one of honest, efficient and progressive administration. The policy is one of energetic construction, involving the extension of the railways, the making of roads, the construction of bridges, the extension of the public telephone system, the erection of public buildings, the carrying forward generally of the constructive enterprise which it is the business of a Provincial Government to undertake. Will regard to the requirements of the public and the resources available for the work.

So far as the Opposition is concerned the electors also have the facts before them: the fact that the Opposition record has been one of purely "political" opposition, and the fact that the Opposition policy is an unrelenting mystery. What Mr. Michener and his friends would do in the matter of railway extension, of road and bridge construction, of constructive operations generally, does not seem to be known to the gentlemen themselves, and is certainly not known to the public. All that

is known in that respect is that Mr. Michener has condemned the Government for borrowing money for such purposes; and if his contention is sincere the implication is that his accession to power would be the signal for a prompt shutting-down of those development enterprises which cannot be carried on without borrowing money for capital investment.

That is the issue in the election, stated fairly. It is for the electors to say whether they want progressive government, on the lines they know, or government on lines which seem to be unknown even to the gentlemen who want to do so governing, but which — to judge from their argument — would certainly be unprogressive.

MR. BENNETT AS AN ISSUE.

Opposition newspapers and speakers are showing quite a lively anxiety to repudiate R. B. Bennett M.P. as an issue in the Provincial elections. What is more strange, Mr. Bennett is also trying to divert attention to something or someone other than himself—an unusual course for Mr. Bennett.

The fact is, Mr. Bennett has "caught on" as an issue even more decidedly, and quite differently, than his friends had hoped. A couple of weeks ago they were trying to lead his advent to Alberta would precipitate a landslide which would sweep the Sifton Government into oblivion. His coming does seem to have "started something," but it was in the other direction. Mr. Bennett having been heralded and hailed as the "big hit" of the Opposition campaign, the public naturally concluded that the Opposition campaign was being waged in hope of promoting the aims which Mr. Bennett spends his time promoting. They accepted Mr. Bennett as signifying the sort of government they would be likely to get from an administration set up as the result of a campaign in which he had been the dominating factor.

As Mr. Bennett has been and is regarded throughout the Province as the outstanding champion of corporate interests against public rights, their conclusion was that a Bennett-made government would be the friend and benefactor of corporate interests at the expense of the public, rather than the protector of public rights against the encroachments of corporate interests. That view has been amply justified by Mr. Bennett's onslaught upon the law which deposes the farmer from the clutches of an unscrupulous implement dealer; by his condemnation of the Government which has tried to carry into effect the substance of the resolution for which Mr. Bennett voted on the A. and G. W. division, and by the fact that the establishment of a branch of the Borden Government at Edmonton would effectively strengthen the grip of the grain-dealing monopoly which Mr. Bennett exercises and defends.

However much they may wish to do so, the Opposition cannot now eliminate Mr. Bennett as a leading issue in the campaign. Having made him such, and advertised him as such, they must abide by the consequences.

Ignore the Hyde-Electric.

Toronto, April 8.—The Ontario Legislature devoted today to discussing the Hyde-Electric bill. The record of the day being to whom the credit was due for the success of the work. Thomas Marshall, Liberal, presented a resolution criticizing the government for not being more forward in the matter of the Hyde-Electric bill. Hon. Adam Beck presented an amendment carrying forward the government's accomplishment. The amendment was carried.

Too High a Price to Pay For Three Dreadnoughts.

London, April 10.—London is aflame tonight with newspaper placards stating in lurid lines that police have been called into the Canadian Parliament. Many people are reminded of a similar thing which occurred at Westminster in the Home Rule debate about sixteen years back when the Parliamentary police were called in to preserve order.

The Star tonight heads an item concerning the debate at Ottawa yesterday: "An Imperial tragedy," and declares that the Canadian naval bill has done infinite harm to Imperial unity.

"We are sure that a conflict between the Canadian French and Canadian British is too high a price to pay for three dreadnoughts."

Continues the Star: "The irony of this Imperial tragedy is that the need for the three dreadnoughts is steadily diminishing as Anglo-German relations improve."

"SALADA"

The Highest Standard of Quality and Value, together with Absolute Purity are the Characteristics of this Famous TEA.

MANY CAMPAIGN MEETINGS THROUGHOUT EDMONTON

(Continued From Page One.)

his actions in that matter. Nothing was done in the dark, he said. Some better action in the Liberal ranks, but the A. and G. W. was merely an excuse on the part of the reactionists. "With such a great support as I received from the province at that time, I could not but have been possible to gratify everyone's ambitions."

When Mr. Sifton was selected as premier, he imagined that the A. and G. W. was the trouble, and placed before the House a solution which he did not think in the best interests of the province. "I therefore voted for a vote of confidence motion in the Sifton government. Having regard to the fact that Mr. Sifton's legislation has not been upheld in the highest court in the realm, I think the policy of this constituency will be delighted at the course I adopted."

After Liberal Than Sifton. He says "some of my friends think I have been back on the Liberal party because I have opposed Mr. Sifton's proposals. I think I am the better Liberal of the two. No legislation that was passed during my regime was carried invalid or illegal—it always passed the courts."

Mr. Rutherford said he thought the credit of the province had been adversely affected by the A. and G. W. matter.

While litigation was pending, bonds were placed on the London market at 27 1/2, while he was premier he obtained 33 1/2 for telephone bonds. The ex-premier concluded his address by dealing with provincial matters and also the question of natural resources, saying in connection with the latter that it should be made a non-party question by the three Western prairie provinces.

NEGOTIATIONS ON STRIKE AT DEADLOCK

(Continued From Page One)

were sent to the barracks at nightfall and the military patrol withdrawn from the streets.

There was only one claim during the day, and that was of a serious character. A mob formed on Main street and began pelting a car, but it quickly dispersed when the troops fired a volley. The shots were fired over the heads of the crowd.

Railway President's Statement.

President Committee later gave out the following statement: "The International Railway has moved unconditionally to the strike, in its employ every employee who was in its service Saturday, April 5th, whether he has joined a union or not. The company has offered within three days after the men have returned to work to receive a committee of its employees and to take up with it all its grievances of every name and nature and to make every effort to readjust the same."

"The company has offered, if the difference cannot be adjusted by a conference to arbitrate the same. This offer is still open."

Duchess Is Imposing.

Canadian Associated Press. London, April 10.—Inquiries at Clarence House tonight elicited the information that no further bulletin had been sent regarding the condition of the Duchess of Connaught, but the Canadian Associated Press was informed that Her Royal Highness was making satisfactory progress.

THE THIRD PART OF KENNEDAL ON THE MARKET

Memor. Taylor Hunter and Company are today placing on sale a third part of Kennedale. This property lies directly adjoining North Edmonton, and has three-quarter mile

frontage on the Fort Saskatchewan trail, running from the site of the Greater Edmonton Lumber Company back to the Belconnin school. At this point of the property its main roads cross, being the East and West government roads, the North and South government roads, and the Fort trail, running northeast and southwest, and will be doubt in the near future build up to a very large centre. Along both sides of the Canadian Northern Railroad, they have plotted the property in track-age sites to be sold out to manufacturing plants, and are making a very special inducement to any legitimate manufacturers to locate there. Already some three have secured a large site on which they intend to build a large plant in the near future. The Greater Edmonton Lumber Company have secured over 100 feet of this track-age and by a short time will erect a planing mill and possibly a saw and door factory. Options have already been taken on two other sites, one for a flour mill, and one for a cabinet works.

Kennedale is already the home of the Western Foundry and Machinery Company, the Edmonton Casket and Box factory. These two plants have been built within the last few years and are now in operation. They have also sold a large site to a wholesale harness and leather manufacturer, whom it is expected will build a hundred thousand dollar plant this coming year. Two other sites are also under option, on the line of the G. T. P., as well as two more on the line of the C. N. R.

Memor. Taylor Hunter and Company have spent a great deal of money improving the property. They have a number of the street grading, have brushed off the entire remainder, and have recently let the contract to Mr. H. Mitchell for one mile more of street grading work.

REFRIGERATOR TIME

THIS is the time of year when the milk begins to turn sour, the butter gets soft, and the meats get that flavor known as "a little off color."

There is no necessity for this state of affairs. For hygienic reasons "it ought not to be." Refrigerators are not expensive—we have them from \$9.50 up to \$60.

Our refrigerators are most scientifically constructed, giving the greatest amount of refrigeration, with the smallest possible consumption of ice.

You might as well get the Greatest Possible Service out of your Refrigerator. **BUY IT NOW**—and at

NEW MANAGER FOR TELEPHONE DEPARTMENT

F. T. Caldwell, of Spokane, Receives and Accepts Offer From City Commissioners

SUPT. GRIFFITH WAS NOT TOLD ABOUT IT

Leaves for Two Months' Holiday, But Had No Intention of Quitting Position

F. T. Caldwell, of Spokane, has been offered and has accepted a high position with the city of Edmonton telephone department. It is understood that it is the intention of the mayor and commissioners that Mr. Caldwell shall become superintendent of the telephone department. Just when this change is to take place, it was impossible to learn definitely yesterday. In response to a telegram, Mr. Caldwell came to Edmonton the early part of the week. He has had conferences with the mayor, the commissioners, and has been introduced to Superintendent Griffith, of the telephone department. Mr. Caldwell left for Spokane yesterday. He is to return to Edmonton the first of May, when, according to one of the commissioners, he will take Mr. Griffith's place. Mr. Caldwell is leaving the city at the end of this month or the first of next month for a two month holiday trip through the east.

What Led to the Action.

The series of events leading to the appointment of Mr. Caldwell had their beginning in the first days of Mayor Shoop's incumbency. The mayor felt that there might be changes made in the telephone system in this city. It was suggested that the two-wire system be introduced to replace the three-wire system in use here. With this end in view, and to learn just what the telephone system here is doing, the commissioners have had several experts brought here from far commutations. All these steps toward reform were carried on with great secrecy. The appointments are presently were made at special meetings of the commissioners, and with great secrecy. The appointments are presently were made at special meetings of the commissioners, and with great secrecy.

Only recently have the details of these appointments come to light. A search of the minutes of the commissioners' meetings shows that on Feb. 12 it was "Resolved, that C. J. Zahn be engaged to report on the telephone system to be at the rate of \$25 per day and expenses from the date of leaving on his return to Spokane as per telegram from Mr. Zahn, dated Feb. 11, 1913." This item is inserted in the typewritten minutes in handwriting, and is initialed by the three commissioners.

One Report Submitted.

Mr. Zahn came, spent about three days here, turned in a report, and left the same night. At a special meeting of the commissioners on March 3 Mr. Zahn's report was received. So far it has not been made public. It is stated by telephone men who have seen the report, to be worthless and unreliable as to its statements.

At this same meeting, another item inserted in the minutes in writing, states that a motion was made and carried "that Messrs. Owen and Brooke be engaged to make a study and report of the entire telephone system, the cost thereof not to exceed approximately \$1,500; half to be borne by the city of Edmonton and half by the Automatic Telephone company."

Mr. Owen, of the Automatic Electric company, and Mr. Brooke, an engineer, came here from Columbus, Ohio, and Chicago. They were here for three weeks. They left last week for Ohio, as there was a great deal of work to be done owing to the damage done by the floods. So far their report has not been received.

Superintendent Griffith was asked this morning if it was true that Mr. Caldwell was to take his place.

Griffith Not Convinced.

"I have not heard anything about such a move," he replied. "I have asked the commissioners and been expected to spend this time in a holiday in the east and expected to return here. Mr. Caldwell was in to see me the other day. He spent about fifteen minutes here."

In answer to a question, Mr. Griffith stated that so far experts and engineers have been appointed without any consultation with him. He declared that since Mayor Shoop took office he has not had any conference or talks about the department with him. And Mr. Griffith points out that the most of experts' reports must be added on to the department. Since the new branch exchanges have been in operation, business is normal. The system has been working well, and there have been over seven hundred new telephones connected in the last three months.

Italian Naval Programme.

Rome, April 10.—The chamber of deputies will resume its sessions on April 11. The number of marine will present a project for the construction of three super-dreadnoughts, three battleships, four cruisers, and a squadron of torpedo boats. The cost of this addition to the navy is estimated at \$60,000,000.

600 More Immigrants.

Toronto, April 10.—349 immigrants reached Toronto this afternoon from the old land. 238 remained in Toronto while the other 111 were distributed in Western Canada.

EARLY SETTLEMENT OF A BUFFALO CAR STRIKE

President of International Railway Company Will Accept Offer of Mayor of Buffalo to Act as Mediator—Settlement Settled in Possibility Urged by Union Men.

Buffalo, N. Y., April 10.—An early settlement of the strike of the carmen of the International Railway company appeared probable this afternoon when President J. G. Connors, of the company, announced that he would accept the offer of Mayor Pughman to act as mediator and would recognize the union, providing car service was immediately resumed.

Immediate Work Resumption. Buffalo, April 10.—The fifth day of the strike of the International Railway company carmen began with the entire service practically suspended, and the railway officials denounce from both civil and military authorities the reinforcements for the 5,000 members of the national union are on duty here. Instant demands for additional military protection are being made.

May Call General Strike. Buffalo, April 10.—The advisability of calling a general strike of the 125,000 union men in Buffalo is seriously being considered by the union men. At a recent meeting the representatives of the labor union voted to call the street car men in every possible strike.

Samuel Dampier, president of the American Federation of Labor, on the line during telephone, said that the president of the carmen's association today that the National Federation endorsed the street car strike.

To Investigate Cause. Albany, N. Y., April 10.—Governor Arthur today directed the state labor department to conduct a public investigation into the cause and conditions of the Buffalo strike.

Attorney-General James A. Parsons was designated to assist in the inquiry.

WILL NICHOLAS ACCEPT \$4,000,000 FOR CLAIM

This Is What It Is Proposed by Powers to Offer Him in Compensation for Secular.

London, April 10.—A despatch from Vienna to the Chronicle says that King Nicholas of Montenegro is being sounded by the powers as to whether he would accept financial compensation to the amount of \$4,000,000 to \$5,000,000 and an additional strip of coast territory in consideration for his giving up all claim to Secular.

Austria, the despatch adds, will object to the granting of more territory and will not participate in any compensation allowed. It is also learned that the allies, who have financed Montenegro since the beginning of the war, will refuse to advance any more money. Servia will decline to send

any more troops and Greece will refuse to lend transports.

Meanwhile the powers are endeavoring to get Turkey and Bulgaria to agree to a virtual truce, pending negotiations for peace.

Plaintiff Awarded \$5,000.

Barnes, Ont., April 10.—The suit for damages brought by the estate of the late W. C. Dillon against the county of Middlesex and county of Lambton, also the townships of West Williams and Warwick, came up at the spring sessions this morning, and was settled by the court allowing the plaintiff \$5,000 damages.

Mr. Dillon was born at the age of 14 to death under his major car after the automobile had jammed into a ditch while approaching a small overpass where the road was not the proper width as required by law.

Start Pump House Extension at Once

Unless Prompt Action Is Taken Parsons Says There Will Be Water Shortage

Superintendent Parsons has reported to the city commissioners that it is absolutely necessary to proceed at once with the extension of the pump house according to the design which we have prepared, and we are proceeding with the work, as delay will certainly result in a shortage of water.

Mr. Parsons pointed out that the work at the pump house was held up pending some action on the report of the water experts. As things have turned out, however, he declares that prompt action is necessary now. In view of the action of the council last Tuesday evening, when the commissioners were instructed to proceed with the necessary extensions to the filtration and sedimentation plants, Superintendent Parsons has been told to start work at once. In the opinion of the superintendent, according to the charter, all expenditures on the waterworks necessary to ensure a continuity of supply is legal whether a bylaw has been passed or not.

London, April 10.—Eight plates are being fitted to the crowns of the masonry in the bathhouse. These are a protection against projectiles fired from long distance rifles or dropped from air craft. Other draughts are to be similarly protected.

Old Countrymen's Liberal Rally and Grand Smoking Concert

Will take place this evening, Friday, April 11th, at the Young Men's Liberal Club, McDougall Court, commencing at 8.00 sharp

HON. A. G. MacKAY

and others will address the meeting.

First class musical program. All Old Country Liberals cordially invited.

Borden Ready to Resort To Desperate Measures Rather Than Go to People

Application of "Gag" to Sir Wilfrid Laurier and His Followers Shows Pledge of Government—Conservatives Now Fear Action of Senate on Navy Bill

Ottawa, April 10.—The opinion prevalent among the members of the house this morning that the new rules will go into effect some time next week. The chief result attained by the government yesterday in refusing to allow Sir Wilfrid Laurier to speak until after Hon. J. D. Hazen had moved in the previous question, thereby shutting out amendments, is to impose the "gag" in debate. One of the opposition strategists in discussing the situation, said: "The application of the 'gag' to Sir Wilfrid Laurier and his followers yesterday only makes it apparent that the government really is ready to resort to desperate measures rather than go to the country."

The government view was expressed by a western Conservative, who didn't hide his name published, who said the Liberals had brought the clause upon themselves by objection, and they could not expect sympathy. He added: "If the senate should make the introduction of a clause for the killing of the naval bill there will be a quick reform of the upper house."

The expectation, and the debate will be continued by the opposition just as long as they think it will be

Grain, Live Stock, Finance

WINNIEPES GRAIN MARKETS.
Winnipeg, April 10.—The market opened at 1/4 advance, and was strong up to within an hour of the close, when it was an even up. The close was weak, but unchanged from the opening, except for October, which was 1/4 lower.

Grain generally a little stronger, but reports from the west indicate that the market will not be very active. There is a very good demand, with offerings more liberal than has been the average for some time. Grains were steady and closed unchanged. Flax was 1/4 lower and 1/2 cent for demand. Receipts are on the decline, and for today were 427 cars inspected and 499 in sight.

LIBERAL MASS MEETINGS

Come and hear the real issues of the campaign discussed by the Liberal candidates, Hon. C.W. Cross, Hon. A.G. MacKay and others. They deal with facts and you should have those facts before you cast your vote on April 17. Meetings will be held as follows:

To-Night

Friday Evening, April 11—Big Labor rally in Oddfellows Hall, Norwood. Don't miss this one.

Friday Evening, April 11—Several noted German speakers will address the German-Canadians at the German Club, 216 Morris Street.

Friday Evening, April 11—Mass meeting in moving picture theatre, Calder, (West Edmonton.)

Saturday Evening, April 12—Monster

Labor demonstration, Revillon Hall, Second Street, south of Jasper Ave. Every laboring man in the city should attend this meeting and find out the difference between promises made and promises fulfilled. Come and find out what the Liberal government has done for the wage earners.

Monday Evening, April 14—Meeting in Royal Hall, Kimistino Avenue.

Monday Evening, April 14—Meeting in Riverdale school, Fraser Flats.

Tuesday Evening, April 15—Labor meeting, Rose theatre, Kirkness St. and Alberta Avenue. All workmen cordially invited.

Tuesday Evening, April 15—Meeting in G.T.P. Cafe, Elm Park. Wage earners and others specially invited.

You will have facts, not fiction, presented to you at these meetings. Do not come in anticipation of hearing abuse and vituperation. The Liberals have something more substantial to offer you.

GOD SAVE THE KING
